**Subject:** General Warning & Information - Division FOIA Work

**Importance:** High

Folks,

**(b) (5)** The Int'l Division has, and continues to, experience a large volume of FOIA work -- **(b) (5)**

Therefore, we will all play a greater role in processing FOIAs for the Division. I have called upon each of you to assist with FOIAs in recent months; you can expect more of the same. Please keep the following in mind:

1) The Division does not now have a FOIA manager. I will continue to receive new FOIAs as they come into the Division, but I will quickly assign them to one of you as the Action Office for the designated FOIA. As Action Officer, you will be responsible for:

a) Reviewing the FOIA request and determining, among other things: 1) is it a proper FOIA request in both form and substance; 2) is it properly assigned to the Int'l Division for search; 3) should any other entities within DCMA (or DoD) receive the FOIA for similar search effort; 4) what sources of potentially responsive records need to be searched (e.g., particular office or individual files, e-mails, etc.); and 4) who within the Division, or a CMO, should be tasked to search for records.

b) Sending initial and follow-up responses to the Agency FOIA Officer (Donna Williamson), providing her the information she needs to properly apprise the requestor;

c) As warranted, working with Donna to prepare responses back to the requestor that challenge the adequacy of the request, in whole or in part;

d) Either alone or in conjunction with the assigned CMO counsel, developing and issuing written instructions for DCMA personnel who are called upon to search for records. Note: Merely attaching a copy of the FOIA request to an e-mail and telling people to read and respond is very likely to be insufficient. The typical request we receive is drafted by private litigation counsel in the form of a discovery request. Requests of this type often need our interpretation. You must coordinate with the assigned CMO counsel when it comes to communicating with his/her immediate clients. For example, it is probably best and most efficient if the assigned CMO counsel **(b) (6)**, distributes the search instructions to his clients. Also, to the extent staff personnel at the Int'l Division need to be contacted to search their records, you may do so as appropriate; however, you must inform me before you contact the Division Commander or Deputy Commander. Also, please call me if you need assistance determining who within the Division should be contacted.

e) Either alone or in conjunction with the regularly assigned CMO counsel, monitoring the search and collection of responsive records, along with fee worksheets.

f) Reviewing and redacting responsive records, including any E.O. 12600 reviews with contractors or others;

g) Preparing an appropriate legal opinion and Initial Denial Authority decision memo for my review and presentation to the Division Commander, along with a draft transmittal letter for his signature and proposed documents to be released.

2) Regardless of any collaborative efforts between counsel (which I encourage and expect), the assigned Action Officer remains responsible for overall processing of the FOIA.

3) We will make extensive use of the International Division share drive (designated the "P:" drive on my computer) as the repository for administrative docs and responsive records associated with the FOIA. You should all have access to the share drive folder titled, "P:\DCMAIL\Division HQ\Legal\Open FOIAs." As I assign a FOIA, I will create an additional subfolder titled with the designated FOIA number, and I will place within it the FOIA request and any other relevant information for your use. You can structure the subfolder as you like in order to best manage the records.

4) I am available for consultation at any time.

5) (b) (5) I greatly appreciate your efforts in this undertaking. Let me know if you have any questions or concerns.

Subject: #10-012 FOIA request

Defense Contract Management Agency

P.O. Box 151300

Alexandria, VA 22315

Dear FOIA Officer:

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request the following information: All correspondence in 2009 between contractor KBR Inc., based in Houston, and DCMA pertaining to electrical work in Iraq and Afghanistan.

I would like to receive the information in electronic format.

I am making this request as a reporter with The Associated Press and this request is made as part of newsgathering and not for commercial use. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages.

I ask that you waive any and all applicable fees associated with this request. Through this request, I am gathering information on soldiers electrocuted or injured in electrical incidents in Iraq and Afghanistan. Release of this information is in the public interest because it will contribute significantly to public understanding of government operations and activities, particularly the health and safety of facilities where troops live and work in the war zones. If you deny this request for a fee waiver, please advise me in advance of the estimated charges if they are to exceed \$100.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the Act. I will also expect you to release all segregable portions of otherwise exempt material. I reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

I also ask that you provide expedited review of this request which concerns a matter of urgency. The information sought relates to a currently unfolding story, specifically, troops electrocuted or burned in electrical incident in Iraq. Second, delaying release of the information harms the public interest in knowing what actions are being taken to protect U.S. troops. According to the military, at least 19 soldiers/contractors have died by electrocution in Iraq. Third, the request obviously concerns federal government activity, as the request seeks information on electrical work done by a U.S. contractor in Iraq. Finally, as the world's oldest and largest news organization, the AP is a credible requester. I certify that my statements concerning the need for expedited review are true and correct to the best of my knowledge and belief.

If you deny expedited processing, I expect to receive a response to the request within 20 business days, as the statute requires.

As I am making this request as a journalist and the information is of timely value, I would appreciate your communicating with me by telephone at (202) 641-9535 or e-mail [khefling@ap.org](mailto:khefling@ap.org), rather than by mail, if you have questions regarding this request

Finally, I note that President Obama's January 21, 2009 "Presidential Memorandum for the Heads of Executive Departments and Agencies on the Freedom of Information Act" specifically stated that "[i]n responding to requests under the FOIA, executive branch agencies should act promptly and in a spirit of cooperation, recognizing that such agencies are servants of the public." Moreover, it held that "[a]ll agencies should adopt a presumption in favor of disclosure, in order to renew their commitment to the principles embodied in FOIA, and to usher in a new era of open Government. The presumption of disclosure should be applied to all decisions involving FOIA."

In the spirit of such cooperation and the presumption of disclosure, I look forward to your prompt response.

Thank you for your assistance.

Sincerely,

Kimberly Hefling

I have not made much progress, but I continue to put in between 2 to 4 hours per pay period on this FOIA request as suggested by Donna W. I have reviewed perhaps 25% of the original documents but there is an entirely new file containing hundreds of potentially related pieces of correspondence. I anticipate even more coming, but I have barely scratched the surface of these documents found on the P: drive under HOC 08-087. (b) (5)

Mr. Risen,

Your request has been in our International division's complex processing queue and I am trying to assist with some of their FOIA actions. In reviewing your request, it appears to be quite broad. I thought perhaps in order to expedite your request, you might want to review the two DoD Inspector General reports below and provide specific details on the information you are seeking so that we may assist you more efficiently.

Donna,

I don't understand why we are re-defining the request now?

The documents reside within DCMAI - the first contact on the (b) (6) death was into DCMAI within a day of the event. For the other deaths - I have no clue where the entry point was but expect it to be DCMAI.

Need to work on furnishing the documents already pulled under the other FOIA and then work from there.

FYI - (b) (6) works in DCMAI.

Donna,

I don't understand why we are re-defining the request now?

The documents reside within DCMAI - the first contact on the (b) (6) death was into DCMAI within a day of the event. For the other deaths - I have no clue where the entry point was but expect it to be DCMAI.

Need to work on furnishing the documents already pulled under the other FOIA and then work from there.

FYI - (b) (6) works in DCMAI.

Jackie

Re: DCMMA 08-078

Dear Mr. Risen:

I am writing to provide an update on your FOIA request submitted to the Defense Contract Management Agency International (DCMAI) on or about April 23, 2008.

Your request is currently pending in a processing queue along with a number of other complex requests for records located in remote offices in Iraq and Afghanistan theaters. DCMMAI operates according to a first-in, first-out system and makes a genuine effort to honor this prioritization. As matters currently stand, your request is second in the queue awaiting processing. We have already collected records responsive to your request although these will require review, redaction and release approval. We expect in the next several months to begin the process of reviewing these records to ensure responsiveness and to redact exempt information. We anticipate responding I full to your request in the next six to nine months.

Because we have not communicated with you in some time and before we undertake the considerable remaining work required, we ask that you confirm your continued interest in having this FOIA request processed. We will hold in abeyance further effort on this request until you provide this confirmation.

If you have questions or desire further information please contact the undersigned at (b) (6)

Sincerely,

(b) (6)

DCMAI

(b) (6) Sorry for the delay in responding. Will discuss further with you next week, if desired. I have put in between 4 to 7 hours per pay period on FOIA. I have reviewed approximately 10% of the documents and I think (b) (5)

I have not drafted a cover letter to KBR for them to state any objections to their documents, (b) (5)

I re-familiarized myself with the DoJ FOIA Guide and tried to get up to speed on what exactly is required. (b) (5) but I am trying to carve out dedicated time each week to complete this long-standing action.

Hi all,

I spoke to one of my DoD contacts today.

(b) (5)

He says it is not unusual for them (DoD) to state that it may take 2-3 years to process a request and that they can only devote 1-2 hours per week on a FOIA.

Subject: FOIA Request Contract Support

Reference: (b) (5)

All,

In reference to the above FOIA requests, would like to set up a meeting to discuss the requirements in utilizing BRTRC to support the redaction and other administrative support of the collected FOIA information being provided to the requestors. This will assist the (b) (6), PA COR, in providing an amendment statement of work to the existing contract and provide enough lead time to notify the appropriate offices to coordinate the support.

Below are two dates that may allow all to synchronize calendars to meet (b) (5)

May 9, 2008 - 1300-1400 hrs

May 12, 2008 - 1000-1100 hrs

It is preferred to meet on May 9, 2008, to enable all participants to attend due to TDY requirements. Please respond to the undersigned of which date you are available to attend. Once calendars are synchronized, I will provide location of meeting.

VR,
